

How-To:

Downloading the Doddle Flash Browser on Mac

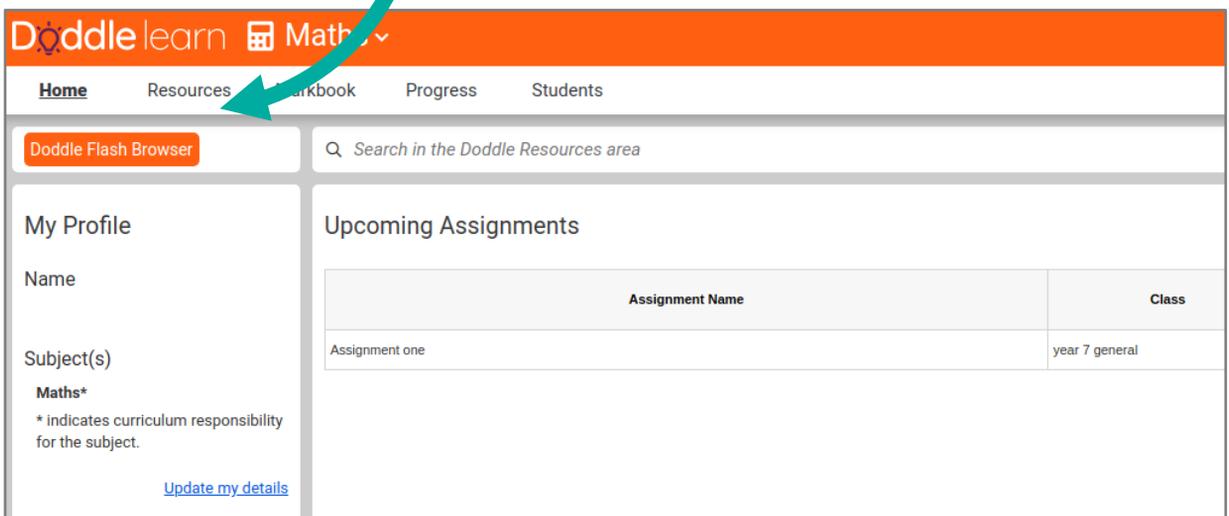

Whilst a lot of Doddle content has been updated, there are still some interactive resources that require Flash.

Until we complete the process of content replacement, please follow our step-by-step guide to download the Doddle Flash Browser. This will enable you to run all remaining flash content. This will take just a few minutes and is a single download.

Note: If you are using a device provided by your school you may need to contact your network manager, or someone with admin permission to complete the installation.

The browser is not compatible with mobile or tablet devices.

Go to www.doddlelearn.co.uk/app/login. Log in to your Doddle teacher account, go to your subject and click the *Doddle Flash Browser* button in the top left corner.

The screenshot shows the Doddle learn interface. At the top, there is an orange header with the 'Doddle learn' logo and a 'Maths' dropdown menu. Below the header is a navigation bar with links for 'Home', 'Resources', 'Workbook', 'Progress', and 'Students'. The 'Resources' link is highlighted with a teal arrow pointing to a 'Doddle Flash Browser' button in the top left corner of the main content area. The main content area is divided into two columns. The left column contains 'My Profile' information, including 'Name', 'Subject(s)', and 'Maths*' (with a note: '* indicates curriculum responsibility for the subject.'). There is a 'Update my details' link at the bottom of this column. The right column contains 'Upcoming Assignments' with a table showing one assignment: 'Assignment one' for 'year 7 general'.

Assignment Name	Class
Assignment one	year 7 general

You will see a pop-up containing the License Agreement

Click *Accept*

We are continuing to develop Doddle to work with the latest technology. Please download the new Doddle browser. It takes just a few simple steps to enable all Flash presentations to run. This is a single download only, once you have the browser installed, please continue to use it for accessing all Doddle resources.

END-USER LICENCE AGREEMENT

This limited license agreement (the "Agreement") is made and entered into as of the Effective Date, by and between **BOARDWORKS Limited**, a company duly organised and existing under the laws of England, having an office at Unit 7 54 Marston Street, Oxford, OX4 1LF, England, United Kingdom ("**Doddle Learn**"), and its customer ("**Licensee**").
Doddle Learn and Licensee are each hereinafter also referred to as a "**Party**" and, collectively, as the "**Parties**".

For technical information, please refer to our [FAQs](#).

Download for Windows

Download for Mac

Select the appropriate download for your device.

Launch the downloaded file

If it doesn't pop up at the bottom left of your screen, you can find it in your downloads folder.

Doddle learn-1.0.0.pkg
92.4 MB

Doddle learn-1.0.0.pkg

This will start the Setup Installer

Click *Continue*

Choose where you would like to install the folder. You can choose another location for it.

Take note of where this is saving it as you will need to launch it from here later.

Click *Install*

You're now ready to install and finish.
If you are using a device provided by your school you may need to contact your network manager, or someone with admin permission to complete the installation.

Click Close

Head to where you installed the folder and find the *Doddle learn* application.

Right click to create a shortcut for your desktop.

Launch the application

This will open the Doddle Flash Web Browser.

Navigate to www.doddlelearn.co.uk/app/login and use your usual login details.

You can now launch and use any Doddle resources containing Flash

Make sure to use this browser whenever you want to launch resources which contain interactive Flash elements.

You can [find more information here](#). If you need any help, email us at hello@doddlelearn.co.uk
